To calculate your taxes for the year, multiply the Assessed Value x the Total Rate

Example: Your Assessment = \$250,000 RT – Residential Tax
 $= 250,000 \times 0.01165373$
 $= \$2,913.43$

Your Assessment = \$125,000 RT – Residential Tax
+ \$200,000 FT – Farm Tax
 $= (125,000 \times 0.01165373) + (200,000 \times 0.00291344)$
 $= (1,456.72) + (582.69)$
 $= \$2,039.41$
